Digital Footprints

- 1** A digital footprint is the trail of information you leave behind when you use the internet.
- 2** Brainstorm the different types of information that are part of your digital footprint.

Protecting Yourself and Others While Online

Our actions online, like sharing photos, videos, or sending messages, have real-world consequences. They can impact our privacy, reputation, and even safety.

Questions To Ask Yourself Before Sharing Online

- 1** **DO** I know and trust the people I'm thinking of sharing this with?
- 2** **HOW** might this message make other people feel?
- 3** **HOW** will I feel if my message ends up somewhere I didn't ymean for it to be?
- 4** **COULD** what I'm about to share make someone feel bad, ruin a friendship, harm someone's reputation, or put someone in danger, including myself?

CHALLENGE ACTIVITY

Share With Care

CHALLENGE ACTIVITY

Share With Care

The Claud has descended on the Youville Secondhand Thrift Shoppe, creating chaos and confusion in the sorting room.

Items that were once organized, tagged, and ready for sale have been thrown all over the donation center.

Help the Youbies working at the shop sort through the items (scenarios) to decide what's okay to share and what's not.

Share With Care

- 1 DO** I know and trust the people I'm thinking of sharing this with?
- 2 HOW** might this message make other people feel?
- 3 HOW** will I feel if my message ends up somewhere I didn't mean for it to be?
- 4 COULD** what I'm about to share make someone feel bad, ruin a friendship, harm someone's reputation, or put someone in danger, including myself?

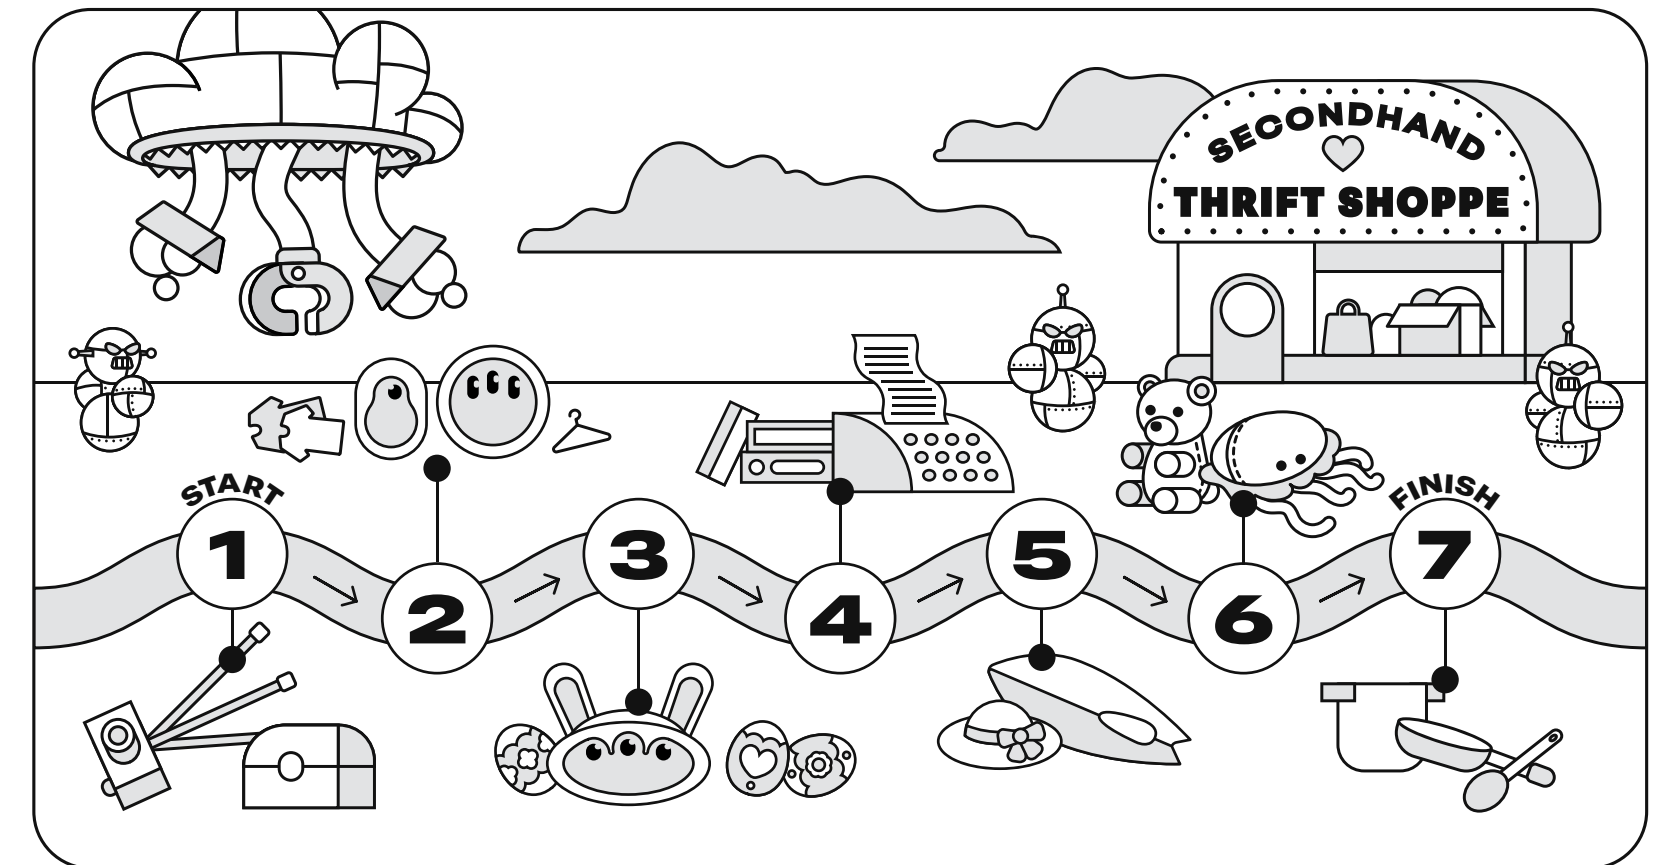

Share With Care

The Claud has descended on Youville's thrift shop, creating chaos and confusion in the sorting room.

For each scenario, ask the questions below. Then write your response explaining why you would or wouldn't share.

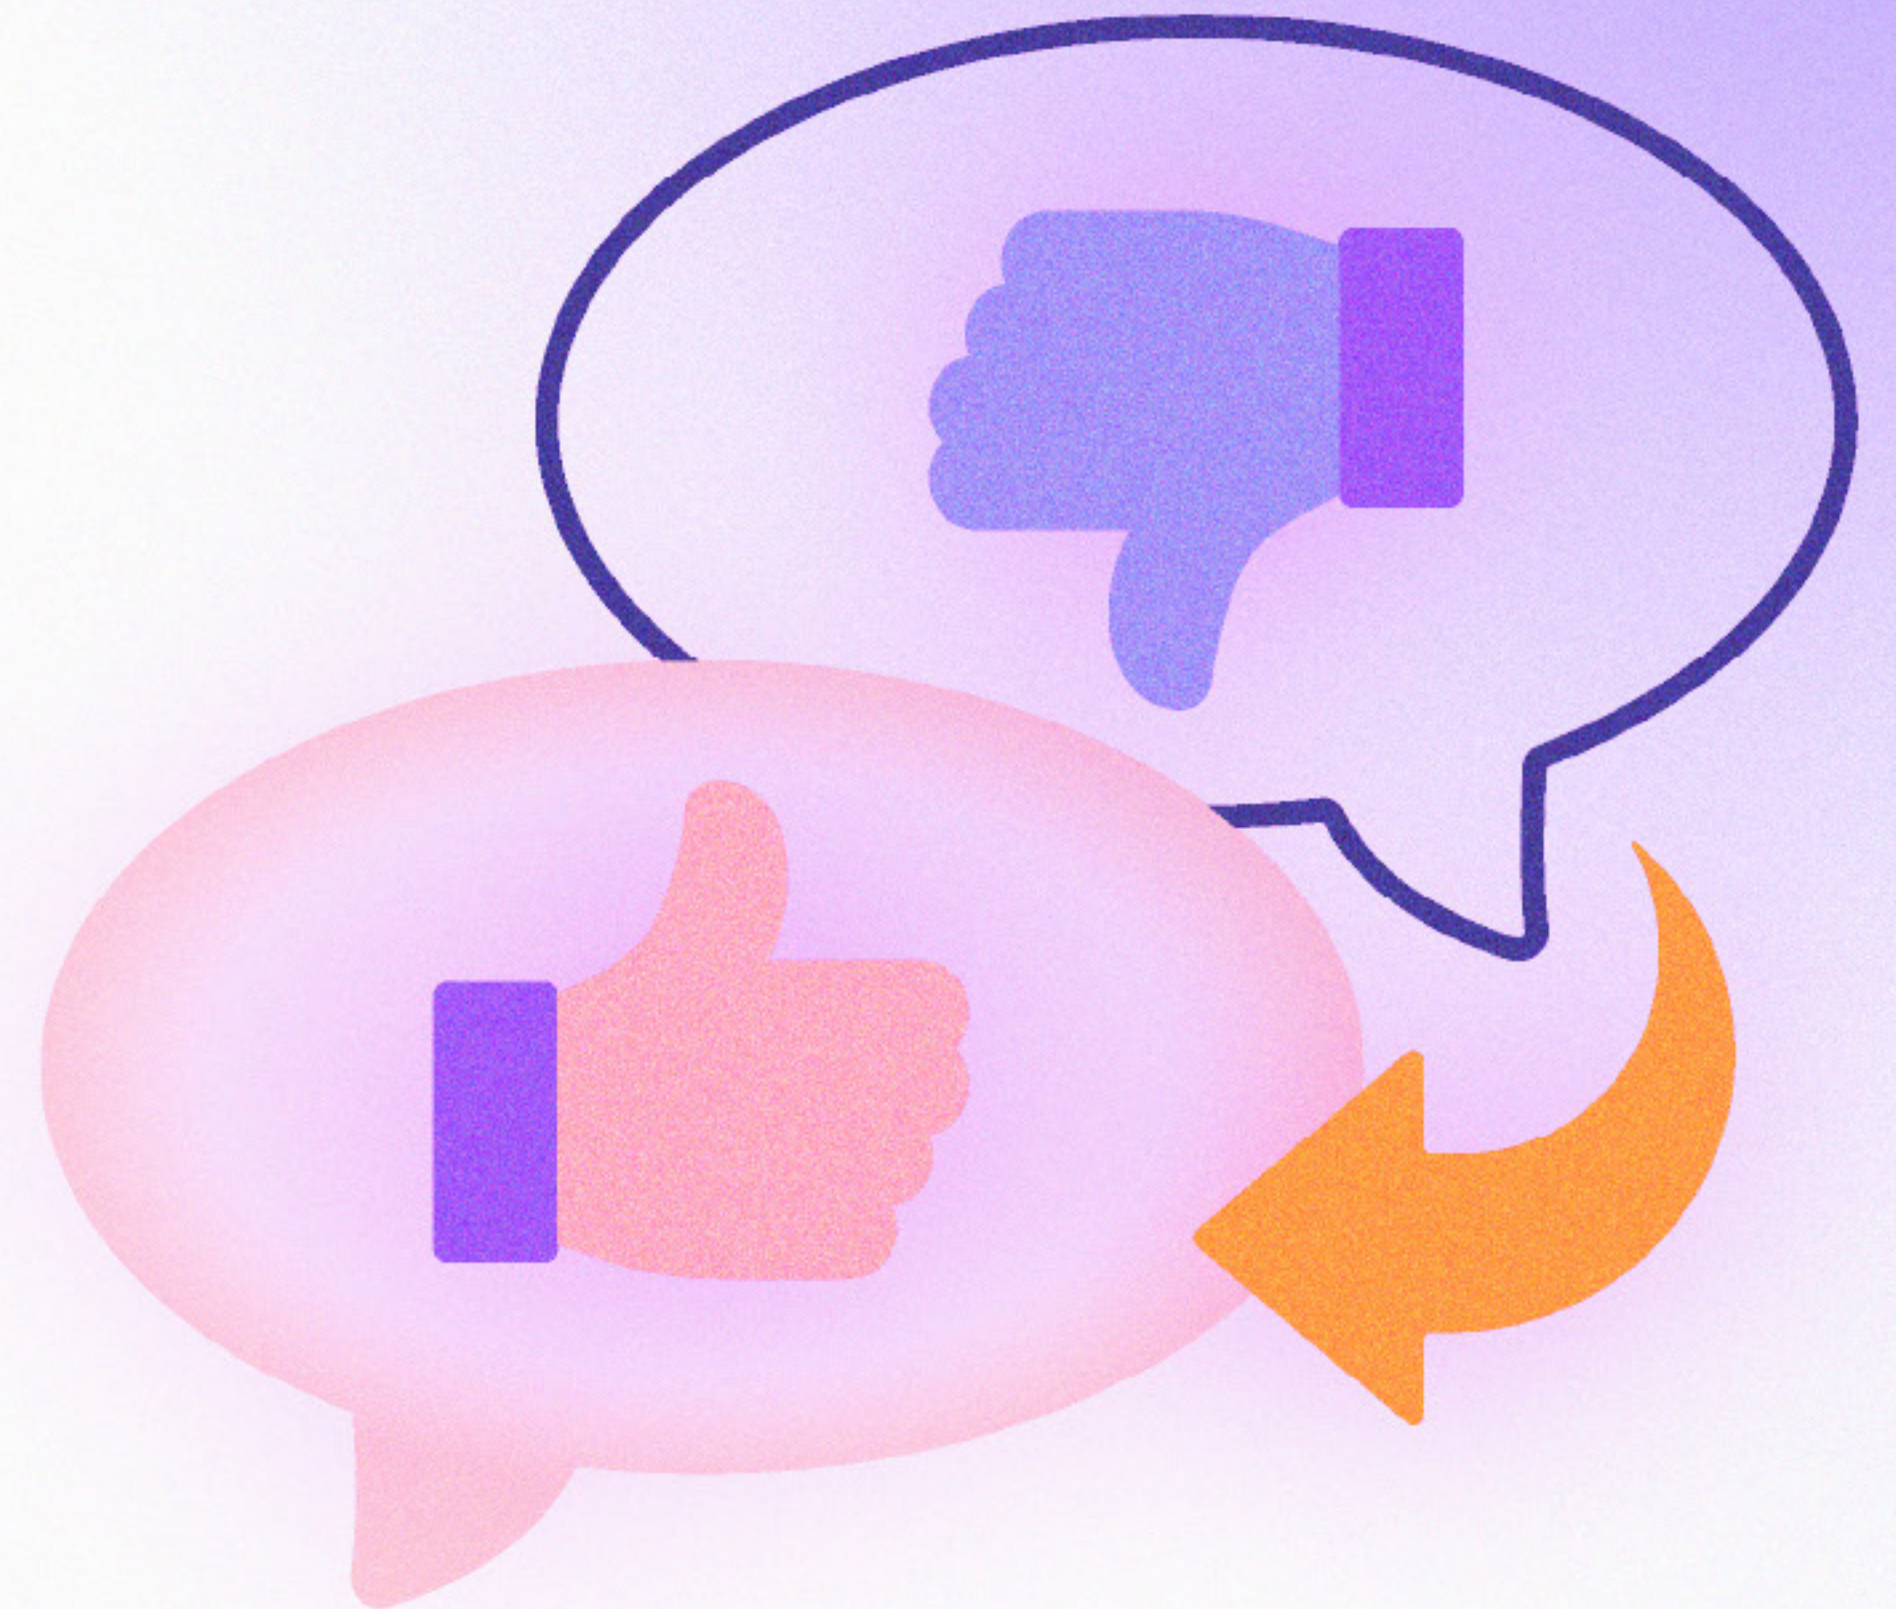

- **DO** I know and trust the people I'm thinking of sharing this with?
- **HOW** might this message make other people feel?
- **HOW** will I feel if my message ends up somewhere I didn't mean for it to be?
- **COULD** what I'm about to share make someone feel bad, ruin a friendship, harm someone's reputation, or put someone in danger, including myself?

Once you've figured out what's okay to share, the thrift shop is secure from The Claud.

To Share or Not To Share

Was there a scenario on the activity sheet you had trouble deciding whether to share or not share? Explain.

Good Job!

Looks like the Youbies stopped The Claud from oversharing in Youville.

The Claud has moved on to another part of Youville.
